**PhD Workshop**
## «Doctoral Research on Information Technologies Related with Digital Libraries»

**Pereslavl-Zalessky, October 15 – 18, 2012**

**Deadline for extended abstracts submission – May 20, 2012**

The workshop «Doctoral Research on Information Technologies Related with Digital Libraries» will be co-located with the 14th Russian scientific conference «Digital Libraries: Advanced Methods and Technologies, Digital Collections» - RCDL-2012.

The Workshop has been oriented to young scientists making doctoral research on technologies of digital libraries and another topics of information technology related with digital libraries.

The major objectives of the Workshop are as follows:
- To present recent results and ideas of the research to more experienced colleagues
- To discuss virtues and shortcomings of the research as well as its future directions
- To establish contacts for scientific collaboration
- To advance skills of presentations at scientific conferences.

The participants of the Workshop will be able to take a part at other events of the RCDL-2012 Conference. The list of topics of the conference and other information for participants are represented on the RCDL-2012 site http://rcdl2012.pereslavl.ru/.

**Important dates**
- The acceptance deadline for extended abstracts - **May 20, 2012**.
- Authors will be notified on the status (accepted / rejected) - before **June 24, 2012**.
- The deadline for submission of the full text of accepted papers ready for publication - **September 3, 2012.**

**Requirements for papers and extended abstracts**
- The paper presented personally by the research author should be dedicated to an original work not published previously (the work may have different levels of completeness)
- The extended abstract should be not less than 3-5 pages of length and should contain a detailed description of goals of research, used approach and its comparisons with related approaches of other researchers, recent results and the list of references.
- The abstract and paper should be written in English or Russian
- A style of formatting of extended abstracts and full papers should correspond to requirements published at the RCDL-2012 site.

Extended abstracts should be submitted to the Program Committee through the conference site with preliminary registration.

It's supposed that authors will enhance texts of their papers and personally present them during the Workshop.

**Publications**

The Workshop Proceedings will be published as a collection of full accepted papers and short presentations as well as an electronic publication at the Conference Web-site. Research papers in Russian or English proposing new scientific results are planned to be published as an electronic

conference proceedings on the site *CEUR Workshop Proceedings* widely used for publishing of international workshop proceedings. The best Workshop papers will be recommended for publishing in journals certified by the State Commission for Academic Degrees and Titles (VAK).

**Venue and dates of the RCDL-2012**
Workshop will be held in Pereslavl-Zalessky at October 15 - 18, 2012. More detailed information is placed at the conference site of RCDL-2012.

**Programme Committee**
Sergei Kuznetsov (chair) - Institute for System Programming of RAS
Pavel Braslavsky - Institute of Engineering Science, RAS, Ural Branch
Valery Vasenin - Lomonosov Moscow State University, Institute of Mechanics
Maxim Grinev - Institute for System Programming of RAS
Boris Dobrov - Lomonosov Moscow State University, Research Computing Center
Leonid Kalinichenko - Institute of Informatics Problems of RAS
Mikhail Kogalovsky - Market Economy Institute of RAS
Boris Novikov - Sankt-Petersburg State University
Vladimir Serebryakov - Dorodnicyn Computing Centre of RAS
Leonid Sokolinsky - South Ural State University
Sergei Stupnikov - Institute for Informatics Problems of RAS
Vladislav Shirikov - Joint Institute for Nuclear Research
